

Join the conversation to fix Our Mental Health System

**Mental Health is a priority of our new Governor.
This is your opportunity to:**

- Hear the news from Springfield
- Share your story with legislators
- Join the NAMI advocacy movement to leverage influence

Do you know?

- Low Medicaid reimbursement leads to lack of treatment
- Barely 1/3 of the 2.5 million Illinois residents with a mental illness get treatment
- Early intervention services are needed to prevent tragedy and reduce state costs
